LOS ANGELES, CAL.

Passed Asst. Surg. Long at San Francisco, Cal., reported July 26 that the California State Board of Health had received information that the number of cases of poliomyelitis at Los Angeles was increasing and that there were 89 cases then in the city of Los Angeles.

July 30 Dr. James H. Parkinson, acting secretary of the California State Board of Health, reported that poliomyelitis was epidemic in Los Angeles, that 150 cases had occurred since June 1, and that the State board had declared the disease quarantinable on July 29.
